## THE BOHEMIAN LANDON

Since the Middle Ages, the Latin Quarter has been a neighborhood of artists, writers, and intellectuals, and the Latin Quarter Landon exudes this in every brick of its building.

It’s a common experience that a tourist finds himself derailed from an ordinary day of tourism, to sit in the vintage reading room of the Latin Quarter Landon and debate politics, discuss literature, or recite poetry with natives, while sipping coffee amongst the hotel’s sizable book stacks.

When night falls, locals head to the Underground Jazz Club, in the hotel basement, to hear the most celebrated voices in jazz, both long-standing and up-and-coming.

## LATIN QUARTER, PARIS

Founded in 1952 by Arthur Landon, an English businessman who travelled the world in search of the perfect balance of comfort, personality, and convenience.

Each Landon Hotel reflects the color, flavor, and personality of the local neighborhood, giving visitors an authentic travel experience that honors the history and culture of the region.

With 400 neighborhoods in 20 countries, we go out of our way to make you feel at home.

## A NEIGHBORHOOD OF INTELLECT, ART, & CULTURE

The Latin Quarter is considered the intellectual center of Paris, and was named at a time when all students and professors of the Sorbonne University spoke Latin. Today it's home to a dizzying array of intellectual venues including bookstores, schools, churches, and publishing houses. A scattering of Roman ruins, including the Pantheon, and other historical architecture and monuments, including the Fontaine Saint-Michel, also characterize the Latin Quarter.

Some of the delights of the region include gourmet food and wine tastings, as well as tours of favorite haunts frequented by famous writers and other intellectuals, including Ernest Hemingway, Oscar Wilde, and Gertrude Stein, to name a few. Walking tours of historical churches, some dating back as early as the 12th Century, including the St. Germain des Prés Abbey and the Church of the Cordeliers, are also aplenty. In addition, the Cordeliers' Monastery, adjacent to the church, houses the Museum of Popular Art and Tradition, a must-see for anyone interested in the art and culture of the region.

If you'd prefer a bit of non-intellectual pursuit, there is no shortage of charming boutiques where you can purchase treasures from this fascinating and culturally-rich region. And all of this is easily within walking distance from the Latin Quarter Landon.
